Thank you to the 20 parents who returned the questionnaire about school reports. I was delighted that every parent who replied felt they could come into school if they or their child had a question or a problem. That's very good to know. The only issue raised was that 7 parents didn't know how their child was doing in relation to other children. At the parents' night consultation on **Wednesday 24th of March** your child's teacher will explain not only the level your child is working at but how that compares to national expectations for children of a similar age. This information will also be included in the end of year report.

Thursday 24th February — How we teach Maths and how you can help your child.

EXPO-CHEF- 2nd FEBRUARY

You are all are very welcome to pop into the Expo-Chef sessions on February 2nd. These are entertaining and interactive. The children love them and learn a lot about healthy eating and how to have fun in the kitchen. The morning session begins at 9.30 am last for 2 hours. On the afternoon an assembly will be held at 1.30 and lasts for around half an hour. You don't have to stay for all of the sessions, just pop-in and see what it's all about!
